NOTICE TO SUBSCRIBERS!

We have been exceedingly lenient to some of our subscribers and we are going to continue to be, insofar as we are financially able.

Heretofore we have taken almost anything they have offered us on subscription. Since times are considerably better and money more plentiful, we feel that it is nothing but right to ask those in arrears to pay up and get their subscription account active again.

Under strict compliance with the NRA code, we are prohibited from carrying subscription accounts. National advertisers who audit our subscription lists will not recognize non-paying subscribers.

We strive hard each week to make this newspaper readable and with all the improvements we have made we have never raised the subscription price—on the contrary, the price has been reduced one-third.

Beginning with this issue, we are going to strike from the list, from week to week, those in arrears. You cannot afford to miss an issue of your county newspaper, therefore drop by the office and get your subscription active.

We would appreciate your prompt attention.
